Press Release

CERCAP, Inc. announces the certification of its' remodeling division, C & C Partners in the EPA's LEAD Safety program.

The Remodeling division of CERCAP, Inc., C & C Partners, has completed its' EPA certification and compliance of the new LEAD Safety handling program with this certification.

Frederick, MD, April 22, 2010: Effective immediately, C & C Partners is licensed to work on all HUD facilities and all residential homes, having been identified to have lead paint present, **Nationwide**. Homeowners interested in remodeling pre-1978 era homes may be rest assured that C & C Partners will maintain a lead safe remodel should it be deemed necessary. Under current EPA, HUD, and OSHA regulations, all lead paint surfaces that are disturbed during remodeling must be handled by only licensed and trained LEAD safety contractors. Interest clients may call 301-662-4269 to schedule meetings for services.

For Release 9 a.m. EDT, April 22, 2010
